

The Nobody Will Be Left Behind project aims to provide citizenship awareness and training for everyone. The project aims to offer opportunities to learn about citizenship for young people and teachers with a mobile application for easier access and by using different approaches including learning and the European Youth and Culture Club. To support the project dissemination and outcomes we are encouraging young people to register and use the mobile application within each partner school. Please provide details of all young people who registered to use the mobile application for the Nobody Will Be Left Behind project in your school:
